Piedra del Norte en Cerámica

The Noon stone combines a chiaroscuro of fossils and veins to present a carefully scratched surface manually. This surface treatment recreates a vivid scheme that gives the energetic and firm personality to this collection; which is inspired by multiple quarries. The wide variety of formats, up to 90x270 and 120x270, and the versatile chromatic range composed of five natural and timeless tones, makes the Noon collection a perfect complement to the rest of the Contemporary Mixtures Surfaces collection.

La piedra Noon combina un claroscuro de fósiles y vetas para presentar una cuidada superficie arañada manualmente. Este tratamiento superficial recrea un entramado vivo que le otorga la personalidad enérgica y firme a esta colección; la cual se inspira en múltiples canteras.

La amplia variedad de formatos, de hasta 90x270 y 120x270, y la polifacética gama cromática compuesta por cinco tonos naturales y atemporales, hace de la colección Noon un perfecto complemento para el resto del conjunto Contemporary Mixtures Surfaces.
